

PRESTASHOP SEO WEBMASTER SITE VERIFICATION FOR SEA

Posted by zohaibfk - 2021/07/07 01:22

This module helps in verification of online store with a different search engine using meta tag verification like Google, Yahoo, Bing, Alexa, Yandex, Majestic SEO, Mywot, Global Sign, Norton Safeweb, Flippa, Pinterest and many more.

Verification is the process of proving that you own the site or app that you claim to own. Verification associates a specific user with a specific property.

For the list of modules on PrestaShop Addons Marketplace.
